

**STR-R Is Recommended By ANSI/ASQ National Accreditation Board
(ANAB) For ANSI/AIHA Z10:2005 Occupational Health & Safety
Management System (OH&S) Accreditation**

STR-Registrar, LLC is pleased to announce that effective, January 31, 2008 they have been recommended by ANSI/ASQ National Accreditation Board (ANAB) for ANSI/AIHA Z10:2005 Occupational Health & Safety Management System (OH&S) Accreditation. Additionally our annual surveillance audit took place simultaneously with the ANSI Z10 accreditation office audit.

The final stage of the accreditation process included an audit of our STR-R office processes, qualification, training and competency of personnel, internal audit process, Management Review process, Conflict of Interest Analysis, Committee for Safeguarding Impartiality, audit records, misc. files and working methodologies to determine the effectiveness of our management structure in conducting and carrying out accredited Occupational Health & Safety audits.

STR-Registrar, LLC is the first Certification Body in North America to have achieved this distinction. We anticipate our ANSI/AIHA Z10 Accreditation Certificate will be issued by March/April 2008.

This latest accreditation now adds four accreditations that STR-R maintains; ISO 9001:2000 (QMS), AS9100, AS9120 (Aerospace) and ANSI/AIHA Z10 (OH&S).

This new accreditation opens many new doors for STR-R as we move forward into 2008.
